IWC Report

8
WC staff currently offer F2F appointments in the Writing Center, along with online writing support for “Distance Learners.”

In future, as capacity is built for Writing Fellows Program, the Writing Center will also offer classroom-based writing assistance, recurring appointments, class visitations, and periodic workshops.
Recommendations
The Institute Writing Committee shall be a standing committee of the Academic Senate and will serve to implement this policy and evaluate courses for the determination of meeting the WI designation. The membership of the IWC shall include: a college faculty representative from each college to be elected by his or her collegial faculty; one representative elected at large by the Academic Senate; and five ex officio members: the University Writing Program director (voting); the First-Year Writing Program director (voting); the Writing Center director (non-voting); the English Language Center director (or his or her delegate, non-voting); and the Academic Support Center director (or his or her delegate, non-voting). Faculty representatives will serve staggered three-year terms with the possibility of reappointment. The committee will report annually to the provost and the Academic Senate on its work.
